## ELECTRIC HOVERBOARDS

### EHB506

The **EHB506 electric hoverboard** is an ideal solution for active people who are always on the move and like to move quickly from one place to another. It is also an excellent gadget for young people looking for technical novelties and enjoying the outdoor activities. The user connected to the application on the smartphone can track and compare own results with those of friends: the number of km travelled or the speed reached on the route. Glowing, colorful wheels and a built-in Bluetooth speaker will make every sports fan noticeable during your evolution and experience real fun while using the Blaupunkt electric hoverboard!

#### Technical data:

- Carrying bag in the shape of backpack
- Blue lighting of wheels
- Dimensions: 585 x 185 x 175 mm
- Net weight: 10 kg
- EAN code: 5901750503252

### EHB206

The **EHB206 electric board** is an excellent gadget for all who want to spend their time actively. It will also work well as a transportation mean, whenever we want to go quickly to a meeting place with friends. Controlling the EHB206 and performing simple acrobatics is easy, with a minimal body balance. The auto balance feature is an additional support. Feel real freedom with the Blaupunkt electric hoverboard!

#### Technical data:

- Climbing slope: 15-20 degree
- Carrying bag
- Dimensions: 585 x 185 x 175 mm
- Net weight: 10 kg
- EAN code: 5901750503245

## ELECTRIC SCOOTER

### ESC505

The **ESC505 electric scooter** allows you to quickly and safely move from your home to a destination such as an office. It is a great transportation mean for adults, being an alternative to a bicycle or car. It is also a great toy for younger users, thanks to which they can be encouraged to spend time outdoors and train movement coordination. The front LED light will illuminate the route and make the scooter visible to other outdoor enthusiasts, while an easy folding mechanism allows you to take it to the bus or subway. The Blaupunkt electric scooter gives you great fun and excitement!
