

**For every need!**  
**Convincing technology, design and quality.**

## Ausstattung:

### Hardware

- SiRF Atlas V Dual-Core processor with 664 MHz and 64 GPS-Channels
- approx. 8.8 cm (3.5") large, backlit touch display with a trans-reflective technology for optimum visibility and high contrast for day and night
- Splash- and dust proof housing (according to IPX5)
- 128 MB DDR RAM / 4 GB Flash
- Bluetooth V.4 BLE for coupling of sensors (eg, heart rate, speed, cadence, temperature, tire pressure, etc.)
- Built-in 3D compass for accurate direction finding even when stationary
- Barometric sensor for precise measurement of altitude/altitude changes (much more accurate than the height determination by GPS)
- USB slot for data transfer and charging capability
- Micro SD-Card Slot for memory expansion
- Built-in rechargeable Li-polymer battery of 2.400 mAh

### Software:

- Maps of EU, OSM (Open Street Map), (other countries / regions online free of charge for later installation)
- Special bike navigation software - on-edge display presentation
- One-Button-Logic for easy operating (for right- and left-Handers alike)
- Navigation with map and arrow
- Turn directions with automatic, timely switching on map view
- Several profiles can be stored (various cyclist and bike types (city bike/mountain bike/racing bike))
- Extensive trip computer with recording with various free configurable show / meters for time, distance, sensor values, etc.
- Track recording, import and export function (GPX data)
- Up- and Download with online portals (e.g. Bikemap.net)
- Online updates at any time (e.g. new cards, new features, and more)
- Update-Tool for Windows and Mac
- and many more

## BikePilot

**Bikepilot 35**  
**EAN Code: 4260090614525 (EU)**  
**Part number: 1081234315001**

### Lieferumfang:

- Navigation device
- Handlebar mount (quick snap)
- 230V DC Charger
- USB-Kabel
- Manual

### Warranty:

36 months  
from date of purchase by end user

### Service:

Firstservice Center  
Hotline +49 - 5 11-12 38 35 06
